

MODEL	T-ONE	
VERSION	MEDI SPORT	
CONTENTS		
<ul style="list-style-type: none"> • Electrotherapy unit with graphic colour display and 4 channels. • 4 connection cables (8 connectable electrodes). • Self-adhesive square electrodes. • Self-adhesive rectangular electrodes. • Self-adhesive round electrodes. • Ionophoresis kit • Rechargeable Ni-MH battery • Charger • User manual and electrodes position manual. 		
MAIN TECHNICAL FEATURES:		
<ul style="list-style-type: none"> • Four independent channels unit (up to 8 connectable electrodes); • Constant current generator (can guarantee a constant current even when skin condition changes, the device automatically stops in the event of accidental electrodes disconnection); • Compensated biphasic square wave: current quantity from positive pole to negative one is constant to avoid polarization effect; • Monophasic wave generator (only for iontophoresis programs); • 2+2 users programs; • Backlight graphic colour display; • User feedback: the device recognizes patient connection; • Soft-touch easy to use keyboard; • On – line guide on display for fast instructions; • 4,8 V rechargeable battery pack; • Personalized programs for man and woman; • Maximum intensity 240 mApp, with 0,5 mA step regulation; • Medical device CE0476. 		
10 REHA PROGRAMS	(Ionophoresis, microcurrent, haematomas, oedema, Tens sequential, TENS Burst, atrophy prevention, atrophy)	
16 TENS PROGRAMS	(TENS rapid, endorphinic, max values, inflammatory, backache/sciatic pain, sprains/bruises, vascularization, ...)	
20 NEMS PROGRAMS	(warming up, resistance, explosive strength, agonist/antagonist, muscle relaxant, deep massage, hypertrophy,...)	
18 BEAUTY PROGRAMS	(firming up, toning up, definition, microlifting, lipolysis, modelling, capillarization,...)	
22 2+2 USERS PROGRAMS	(TENS rapid, firming up, modelling, capillarization, resistance, basic strength, hypertrophy, microlifting, inflammatory,...)	
12 FREE MEMORIES (MEM)	(free memories TENS, free memories NEMS)	
Dimensions: 150 x 90 x 35 mm
